HOW WING-O LOOKS, SOUNDS & FEELS · EVERY STORE, EVERY POST

Who We Are

Every franchisee, designer, printer and social media person reads this page first.

OUR STORY

Wing-O began with a dream, late nights, and the determination to build something real. Behind every flavour is our Sauce Boss, crafting each sauce from scratch. Through every challenge, one thing never changed: the passion to serve something genuine.

OUR NAME

- ☐ Always write **Wing-O**: capital W, hyphen, capital O.
- ☐ Never: ~~Wingo~~, ~~WingO~~, ~~Wing O~~, ~~WINGO~~ in body text.
- ☐ Full company name: **Wing-O Restaurants**.
- ☐ Tagline: **More Than Wings**. Hashtag: **#BeSaucy**.

OUR PERSONALITY

- ☐ **Bold**: big flavours, big energy.
- ☐ **Saucy**: fun, a little cheeky, never rude.
- ☐ **Prairie-friendly**: we treat guests like neighbours.
- ☐ **Genuine**: real food, real people, made from scratch.

OUR SIGNATURE THINGS

- ☐ **135+ flavours** of wings: sauces, dry rubs and house combos (Illegal Sauces, Second Round).
- ☐ **The Sauce Boss**: our signature and character. Use the official signature artwork only.
- ☐ **Saucy Stamps**: our loyalty card (10 orders = free half order).
- ☐ **Daily deals**, the **flavour of the week**, and late nights.

Logo

The logo is our most valuable asset. Use the official files only, never redraw or retype it.

PRIMARY: RED ON WHITE

ON BLACK

ON CHALK GREY (MENU)

CLEAR SPACE

Keep empty space around the logo at least the height of the "O" on every side. No text, photos or edges inside that space.

MINIMUM SIZE

Print: **1 inch** wide. Screen: **120 px** wide. Smaller than that, "More Than Wings" can't be read.

COLOUR

Logo is **Wing-O Red** on light or dark backgrounds. A one-colour **white** or **black** version is OK for engraving, stamps, single-colour printing and dark photos.

FILES

THE MIX

- [ ] Most things: **red + black + white** (or chalk grey for menus and boards).
- [ ] Use **Sauce Gold** sparingly: deals, prices, a highlight. Never as a big background.
- [ ] Never add new brand colours (no purple, no neon green, no pastels).
- [ ] Text on red is always white. Text on gold is always black.

Typography

Four type styles. Using the same ones everywhere makes every store look like one brand.

HEADLINES (MENUS, BOARDS, SIGNS) · ELIKA GORICA (MENU) OR ABRIL FATFACE (FREE)

BODY & LISTS · JOSEFIN SANS (BOLD FOR NAMES, REGULAR FOR DESCRIPTIONS)

Honey Garlic (Teriyaki + Honey Garlic)

RULES

- [ ] Headlines in Title Case or ALL CAPS. Body text in sentence case.
- [ ] Never more than 2 typefaces on one item (plus the logo and signature).
- [ ] Prices and numbers in Josefin Sans Bold.
- [ ] Fonts are free from Google Fonts (Abril Fatface, Josefin Sans, Bebas Neue, Oswald). Ask HQ for Elika Gorica.

Photos & Illustration

Food is the hero. Real food, real stores, real people.

FOOD PHOTOS: DO

- ☐ Use **real photos of our own food**: glossy sauce, crispy edges, steam.
- ☐ Wing ads show **bone-in wings** (unless the ad is about boneless).
- ☐ Dark or checkered-paper backgrounds, close-up, natural light.
- ☐ Show sauce coverage and the dip.
- ☐ Real store photos: newspaper walls, barrel tables, the crew.

FOOD PHOTOS: DON'T

- ☐ No fake-looking or AI-generated food or people.
- ☐ No stock photos of other restaurants' food.
- ☐ No blurry, dark or messy-plate photos.
- ☐ Don't show items we don't sell, or an old menu.
- ☐ No competitor packaging or logos in shot.

SKETCH ILLUSTRATION STYLE

Our menu and boards use **black line-art sketches**: the rooster in sunglasses, the farm, hay bales, the windmill, "Support Your Local Wing Spot" and "Hot Wings / Cold Drinks" signs. Use them faded behind text (about 40% opacity), never in colour, never stretched. Files come from HQ.

Store Look

Every Wing-O should feel like the same place: a prairie wing spot with newspaper walls and big sauce energy.

ELEMENT	STANDARD
Feature wall	Newspaper collage (local papers + Regina clippings), sealed with matte clear coat.
Lower walls	Oak / wood wainscot on the bottom third of dining walls.
Sauce board	6 × 4 ft chalk-grey board, "Pick Your Sauce", all flavours, Sauce Boss signature (HQ file).
Menu boards	Chalk-grey menu style or 3 screens: Wings · Burgers · Platters, plus daily-deal board.
Farm wall	Black line-art prairie mural: barn, WING-O grain elevator, windmill, wheat.
Décor	Licence plates (SK, MB + one fun one), wooden rackets, "SAUCE LAB" neon at the kitchen.
Furniture	Red booths, barrel tables, wooden floor or wood-look plank.
Lighting	Warm white, black ceiling, track lights on the sauce board.
Outside	Wing-O logo sign (red on black or lit), hours and "Order online at wingorestaurants.com".

HQ provides the design package (wall artwork, sauce board and menu files) for every new store. Changes to the look need HQ approval.
